No 144

DEFEATED YESTERDAY

MCCARTHY'S AMENDMENT

An Effort Was Made to Secure the Co-Operation of Western Conservatives but Without Success

Ottawa, June 22.—Today's discussion of the distribution clause of the autonomy bill was along the same line yesterday. Mr. Borden talked against the clause without any knowledge of what had been said in his absence. Sir Wilfrid Laurier said that his own idea was that the North-West members on both sides should have arranged the constituencies, but as Mr. Scott had already pointed out, that attempt had failed. Mr. Borden denied that there was any effort made to do this, and Mr. Oliver showed how a conference was held with Mr. Haultain, and all the western members, Liberals and Conservatives, but nothing definite was done.

Replying to a question, Mr. Oliver said that he would not accept Mr. Haultain's opinion as he had prostituted his Premiership by assisting his political friends in the East, but he did think the members of the North-West should have been consulted. Mr. Scott showed that Mr. Haultain had called a conference at Ottawa of all the members from the West and said that Sir Wilfrid had asked him to get full information as to the provincial boundaries, number of constituencies, and redistribution. The subject was then discussed, but nothing done. Efforts to get assistance from Conservatives were abandoned. McCarthy's amendment to refer the matter to judges was defeated.

KING MURDER TRIAL.

Alexander Moostooos was cross-examined by Mr. Cross, when Supreme court resumed yesterday afternoon, as to the evidence he had given in the morning, relative to the finding of the bones in the deserted camp fire.

Witness did not know how old he was, had never considered the matter and would not hazard a guess. Had lived in the vicinity of the reserve ever since a boy. Did not know how many times he was at the fire. Did not know how long he remained there first there. Had no watch. Could not say if other Indians had matches. Had not seen any new matches among them recently.

Was satisfied with the wages he had received for assisting to drain the slough. Did not know what the current rate of wages was as he was a hunter.

After finding the three pieces of bone he gave them to his father. Did not know what Moostooos did with them. Remembered of having formerly said that Moostooos put these in a fire witness could not explain. Further pressed he informed his questioner that he was not a God and could not be certain. Mr. Cross wanted to know what God would think of the differences in the stories told by the witness. Alexander would leave that to the powers that be.

Mr. Cross then began a series of questions about Wehtigo. The witness denied all knowledge of such people and their habits and said the King did not bring him to the city to talk about such matters. He admitted that he had heard something about them but could not tell what on the ground that hear-say was not evidence. When Mr. Cross described the habits of the Wehtigo, witness appeared enlightened and said he would try to keep clear of such people. The attorney gave it up.

In answer to Mr. McDonald witness said he was a Christian and went to church.

Mr. Cross recalled Alexander to recall his queries regarding the witness not having had a watch and produced one which Alexander admitted having purchased for \$7 while in the city at the first trial. He had given it away because he was ashamed of the chain.

CORPORAL McLEOD Corp. McLeod was called. He had

been in charge of the detachment at Edmonton during the fall and winter and the exhibits in connection with the case had been in his charge. CONSTABLE RIETSCHER

Constable Rietscher recounted having been sent to Toronto with the alleged human remains where he turned them over to Prof. Primrose and afterwards brought them back to Edmonton.

CHAS. COLLYER

Chas. Collyer, a rancher near the Pembina, told of having seen the prisoner and another man larger than him pass his place in August last. He had talked with them. The missing man whom he recognized from photograph to be Hayward had said they were going to the Peace River to trap and prospect. He identified the dog produced as much like the one he had seen with them.

BENJAMIN

Benjamin was the next witness. He lives on Alexander's reserve about twenty-two miles from St. Albert. On August 29th last he had crossed two white men over the Athabasca at the crossing of the Lesser Slave Lake trail. He had made an entry in a memorandum book in the Cree characters. The prisoner was one of the men. Hayward was recognized as the other. The latter had told him they would be back in 50 days. He described the outfit and identified several of the articles produced in court. He had received a watch for taking them across the river which he had given to a woman named Marquette.

MARY HAMELIN

Mary Hamelin, aunt of the preceding witness corroborated his story. She was subject to a severe cross-examination but disclosed little, which had not appeared previously.

RACERS FOR THE FAIR

The secretary of the exhibition association is in receipt of a telegram from J. Young the well known horseman saying that 12 horses are being shipped from Calgary, 13 from Medicine Hat and 6 from Minot, N.D. to the races here also that Democracy will be here and go in the free-for-all.

STEAMER ARRIVED LAST NIGHT

The H. B. Co's. steamer, Saskatchewan arrived last night from Prince Albert, after a very good trip of ten days. She had some vexatious delays at Battleford on account of the bridge and at the various ferry cables. Some passengers were aboard, among who were Mrs. Hall and Miss Hall of Prince Albert and Miss Mary Clark. The Saskatchewan brought up a load of flour to Fort Pitt and will take down a cargo of flour to Onion Lake. The Saskatchewan is an up-to-date boat with twenty staterooms and a nice dining saloon, with a roomy main deck for handling freight and she is equipped with two 12 H.P. engine and boiler of the Manin Iron Works Chicago. Capt. Haight says he will leave for Prince Albert Saturday afternoon. He had intended giving the citizens an excursion up the river but was unable to get under the bridge.

The crew consists of Capt. Haight, Engineer, J. Shannon, Purser, H. H. Hall, Stewart, Chas. Nelson.

IN FROM PEACE RIVER

J. C. Cornwall of the firm of Bredin & Cornwall, Lesser Slave Lake, came in Wednesday from Peace River.

Weather and crops in the north are very favorable.

From the Little Slave River to the Landing, the trip was made on the new steamer Midnight Sun, in which Mr. Cornwall is interested. The steamer plies on the Athabasca river regularly between the mouth of the Little Slave and Grand Rapids. The round trip from the Landing up to the Little Slave occupies two days and to Grand Rapids and return about a week. The boat left yesterday for Grand Rapids with a load of freight.

Mr. Geo. Harvey, H. B. Co. agent at Lesser Slave Lake is spoken of as the J. C. Cornwall, of the firm of Bredin Liberal candidate in the coming provincial elections for Athabasca.

BOARDS OF TRADE CONVENTION

Following are the delegates to the board of trade convention to be held in Regina on Thursday next.

In Regina on Thursday next: T. W. Lines, Wm. Short, G. R. F. Kirkpatrick, J. A. McDougall, Mayor McKinnis.

The delegates leave on Tuesday. In addition to the resolutions published yesterday ex-Mayor Short will present the following for discussion: "That uniformity of law throughout both the new provinces should be secured as far as possible."

"That the Government should be strongly urged to take greater care in the selection of Justices of the Peace."

THE TRUTH WILL LEAK OUT, but water comes in jets. If it were the other way we'd all have to be honest and we wouldn't need

THE PLUMBER,

As things are, however, all we can do is to employ an honest plumber who knows his business—one who will put in good material and put it in to stay. That's what we try to do here. We supply everything necessary for fitting up the bath-room and we do the fitting ourselves.

FRIDAY, JUNE 23, 1905.

Canadians Abroad

London, June 19.—The whole party of Canadian manufacturers journeyed to Windsor today and were received by the King. Everybody expressed themselves as delightfully surprised by their reception. A special train was furnished from Paddington and Royal carriages in charge of Lord Fisher met the party at Windsor and drove to Frogmore Mausoleum.

Lord Knollys, the private secretary, and the colonial secretary were waiting on the approach of the party. The King and Queen, accompanied by the Prince of Wales' two eldest children, attended by their suite, came on to the terrace. Lord Strathcona and Sir Wm. Mulock, who accompanied the party, engaged the King in conversation for a few moments, and afterwards the officers of the association were introduced to the King and Queen, who personally greeted them. The King seemed interested in the party's movements and expressed pleasure at their safe arrival, and after a delay the party divided into three groups and paid their respects to their Majesties.

The King addressed the whole party saying, "I am greatly pleased with your presence here today. I welcome you to England and to Windsor especially. I hope for your safe return, after enjoying a pleasant hour here." After partaking of refreshments in the Orangery, the whole party were conducted through the state apartments, after which they were taken in the Royal carriages to the station. After the return the party immediately left for Tooting Garden. Before leaving the entire party joined in singing "God Save the King," and gave three rousing cheers and a tiger for their Majesties.

C. N. R. May Build Alone

Free Press: The Canadian Northern Railway Co. have not yet reached an agreement with the Great Northern and Northern Pacific Companies with regard to the erecting of a union depot in Winnipeg. Negotiations are progressing, but some unexpected delays have occurred in connection with details, which embrace a great many more important matters than most people are aware of. Officials of the Northern Pacific have made two visits to the city in connection with the project and securing data on which to base their calculations. They are expected here again in a few days. The draft plans for the depot are now in Toronto, and unless the other railways come to a decision in the near future, the C. N. R. will proceed to erect a depot on their own account, as increasing business demands greater and better accommodation than the present depot affords. In the mean time a number of rumors are in circulation regarding the location and cost of the new depot, which are unauthorized and unreliable. A Fort William paper of late date states that the depot and hotels will cost \$4,000,000. The combined structures will no doubt be on a handsome and thoroughly modern scale, but if a few ciphers are struck off the above named amount, the statement would be more within the region of accuracy.

The G. T. P. Plans

Ottawa, June 16.—Mr. Morse, General Manager of the Grand Trunk Pacific, was in town this evening. He stated that as soon as specifications for the Lake Superior branch are printed the company will ask leading Canadian contractors to tender for the construction of the line. Approximately it will be two hundred miles in length to the point of junction with the main line from Winnipeg eastward. It is not improbable that construction will be begun in about a month's time. The company have all the land they require for terminal facilities at Fort William on Miesken Island, amounting to about 1,600 acres. The company, of course, purchase the land from the Government, and while Mr. Morse did not mention what it cost, the price is said to be about \$400,000. Asked as to elevator facilities, Mr. Morse re-

plied guardedly that the Grand Trunk Pacific would have as large a plant as anybody else. In regard to a possible fleet of grain vessels, Mr. Morse's statement conveyed the idea that the company have not yet decided upon any plans. Today Hon. W. S. Fielding signed the mortgage deed, executed in connection with the Government guarantee of the three per cent. bonds issued on account of the prairie section of the line. These bonds, when floated recently, brought 92 1/2. The mortgage deed will be held by the Royal Trust Company as trustees.

The Incoming Tide

Farmer's Advocate: The great tide of immigration which has set in Canada wards of late years must be a source of genuine satisfaction to the majority of us. It promises much for the development of our country, and that there is boundless opportunity for development must be conceded even by those who would fain stem the tide. Millions of acres of rich virgin soil, countless areas of forest to be judiciously utilized, vast measures of coal, mines of gold, silver, copper and iron, as yet undreamed of—these are the assets which Canada holds for the coming legion and the coming race. And it is not a vain dream to look forward to the time when a vast people shall swarm from Labrador to the Pacific, and again north to the extremity of the great wheel belt and the remotest bounds of the timber line. To the romancer, the poet, the lover of stream and wood and wild flower, the picture, in some aspects, is not a pleasant one. For these Canada must lose immeasurably. But to those who would see her develop into a great nation, the prospect is as satisfactory as it is certain of fulfillment. This is a commercial age, and in Canada, as in other progressive lands, chimneys must rear, whistles must blow, and the broad swards of circus and flame-flowers must give way to the upheaval of brown earth and the yellow glare of the wheat field. After all, to no small extent, commerce rules the world.

In connection with this influx there is an observation that may not be amiss. To a people in bulk it may not mean much; to the individual, immeasurably, and when all is said, is not this a matter that counts? Is not the best of a human heart worth more in the light of eternity than the boundless acres of an imminuted world? It concerns the reception which these incoming strangers meet at the hands of the Canadian people. Here they come—Scotch, Irish, English, German, Russian, French, Assyrian, and so on through the whole list—Peoples as varied in character as in name and occasionally as different, from the matter-of-fact, "to the manner born" Canadian, as may well be imagined. We look upon them curiously, and not seldom their little peculiarities strike us. They do not think as we do about a variety of matters; they have their own way of doing things, a way to us often clumsy and roundabout. Perhaps, too often we are inclined to be supercilious. We forget that in a foreign land we, too, should have our peculiarities, and so we wrap ourselves up in a Pharisaic mantle as unlovable as all Pharisaism cannot but be. We do not give these people the warm heart grasp that our humanity should impel us to give. We are cold and standoffish; we know it and they know it. When they work for us we often get out of patience immediately, and instead of instructing gently and waiting a little, we are too much inclined to send the unintentional offender off about his business. His business? Alas, rather our business, for can we rid ourselves of the responsibility of being, each one of us, "his brother's keeper?"

Would it not be much more neighborly to consider these strangers who have come within our gates? Far from home they have come, and often the homesickness for the old faces and the "old familiar scenes" has its clutches upon the heart when the face tells it not. A strange land, strange customs, strange faces, strange hearts, and more than likely a dearth of money when money too often means "friends," social recognition, comfort itself. Let us put ourselves in the place of such wanderers; imagine ourselves afar in a foreign land under just such conditions—longing for the old home, the neighbor plowing over the fence, the old beech at the gate, the lilacs up the lane, and the catbird gurgling its heart out among the apple blossoms. Let us see the cold faces, catch the half-hidden smile at our awkwardness, and know that nowhere is there the heart that will take us to itself. Let us realize all

this and be kind. Let us not fail in the duty our humanity demands of us. Canada glories in her imperialism. May she also glory in a cosmopolitanism which will understand a whole world, and the human heart of a world which is, after all, in all lands, but one.

GOOD AGENTS FOR THE
 Oliver Typewriter
 IN ALL

UNOCCUPIED TERRITORY

Over 100,000 of these machines have been sold in the U.S. within the last few years at the same price which is being charged for any other standard typewriter. This proves conclusively that the OLIVER is the very best machine made regardless of price.

As there is now in Montreal a factory devoted exclusively to the manufacture of this machine, it can be bought in Canada for the same price at which it is sold in the U.S. without adding from \$25 to \$30 to cover duty and charges, as do all the other standard writers.

This should be a very attractive proposition to any purchaser of writing machines.

DOMINION ALLIANCE

WANTS CIGARETTES BARRED

Asks New Provinces to Control the Liquor Traffic—Asks King Edward to go After the Opium Trade

Toronto, June 23.—The first meeting since 1902 of the National Council of the Dominion Alliance was held in the labor temple this afternoon. The most important business transacted was the passing of a series of resolutions, asking the Dominion to prohibit the manufacture, sale and importation of cigarettes, and asking the new western provinces not to grant liquor licenses in unsettled districts and condemning the control or management of the liquor traffic by trusts. It was also decided to petition the King to use his influence in favor of suppressing the opium trade with China. The extension of the franchise to women was also approved.

FILES ON PARADE

Calgary, Alberta: Yesterday being the first day in camp the members of the C.M.R. put in a busy day at the grounds. The tents are pitched just north of the grand stand and form three sides of a square. The men's tents run in a line east and west and the officer's tents run north and south at the east end. Two horse lines run between the tents, to which the horses are tethered.

The officers' mess is in the corner room at the east end of the grand stand. The quartermaster's quarters and the canteen are also in the same building. The sergeants have erected a marquee on the grounds for their mess.

The men's mess is in the main exhibition building, and they have arranged to hold a grand ball there on the night of July 1.

This morning drill will commence and the real hard work of the camp will be on. The daily routine of the camp will be as follows:

5.30 a.m., reveille.
6 a.m., stables.
6.30 a.m., breakfast.
8.30 a.m., parade.
11.30 a.m., stables.
12 a.m., gun-firing.
1 p.m., dinner.
1.15, officers' mess.
1.45 p.m., parade.
4 p.m., ration call.
5 p.m., stables.
5.30 p.m., supper.
6 p.m., officers' mess.
6.30 p.m., guard mount.
Sunset, retreat.
9.30 p.m., first post.
10 p.m., second post.
10.5 p.m., lights out.

Where is the Crew

London, June 21.—Since the ill-fated fleet of Admiral Rojestvensky seized the British steamer Oldhamia on May 19, in the China sea, nothing has been heard of the crew of the thirty-two, except that Captain Stewart, the chief engineer, and two of her crew who were found by the Japanese on a Russian vessel which was captured on May 27 and taken to Sasebo.

Of the remaining twenty-eight officers and men nothing as yet is known, and telegrams from anxious relatives are pouring in upon the owners of the Manchester and Salford Steamship Company.

The Oldhamia was only a year old. She sailed from New York on March 26 for Hong Kong with a cargo of 135,000 barrels of petroleum consigned to Japan by the Standard Oil Company.

Both Japan and Russia have declared petroleum or case oil to be non-contraband, and the Oldhamia was to call at Hong Kong for orders prior to proceeding to Japan.

Up to the last nothing has been heard from the four members of the crew who have been reported to Sasebo as arriving at Sasebo. It is not even known whether the Oldhamia herself was destroyed or not.

A telegram, dated May 31, from Nagasaki states that the men had been placed on board the Urel (the vessel which was afterwards captured by the Japanese), but were presumably transferred to a later transport.

The foreign office has entered into communication with the Japanese government at Tokyo with respect to the fate of the vessel and its crew.

THE NEWS OF THE DAY

IN CONDENSED DESPATCHES

Brief Items from many sources tell the story of the day's events.

OUT OUT TRADING STAMPS

Ottawa, June 22.—The trading stamp practice in Canada is to be stamped out by a drastic amendment to the criminal code. The maximum fine is \$200 and not more than two years imprisonment.

THE MYSTERY CLEARING

Halifax, N.S., June 22.—The coroner's jury in the Plympton tragedy near Digby, has brought in a verdict that May ward, the little girl found dead in the woods came to her death by suffocation at the hands of May Hope Young, and while the evidence is strong against Kingsley and Melanson as being parties to the death, the jury did not feel justified in holding Melanson responsible for the child's death.

The authorities were asked to investigate Melanson's connection with the murder.

On information being laid against May Hope Young and Kingsley, both were arrested on a charge of murder. The autopsy showed no sign of food in the stomach of the child, this goes far to disprove the evidence of Mrs. Young, who claimed to have left the children at five o'clock on Friday evening, each with a piece of bread.

CHANGES HIS STORY

Monrovia, June 22.—The young Norwegian, Moe, who confessed to murder at Broadview, now denies the first story. He says he went out in the field with a gun to see Whittaker about the accusation of pilfering. The gun was accidentally discharged and the contents entered Whittaker, Moe then was afraid to tell the story for fear of the consequences. The father and son arrived from the States three years ago.

WILL INVESTIGATE SCANDAL

London, June 23.—Under pressure from an issue Premier Balfour has made further concessions in regard to the investigation into the Army Stores scandal. Today he announced to the House of Commons that the Government would immediately introduce a bill creating a statutory commission to inquire into the scandal.

TRUG PREPARING TO FIGHT

New York, June 23.—J. Munroe, the Butte miner, is putting in some hard licks up at Johnston's roadhouse for his coming battle of six rounds with Jack Johnson, the colored heavy weight champion of the world and which is scheduled to take place on June 26, at the National Athletic Club of Philadelphia. Munroe is confident that he will make a better showing than he did with Tom Sharkey.

BALL FAMES

Winnipeg, June 23.—Winnipeg 5, Crookston 4, eleven innings; Duluth 5, Fargo 4; Grand Forks 6, St. Cloud, 5.

LONATIC RUNS AMUCK

San Francisco, June 22.—After holding one thousand persons at bay for two hours in Eddy street early today, shooting nine persons and defying the police, Thomas Lebb, a maniac, killed himself.

All the victims were hit with No. 4 shot, except a Chatham who received a rifle ball.

Lebb last night went to a hotel and this morning he began throwing the furniture from the windows. Then he started firing a shot gun.

He placed fifty and one hundred dollar bills in the muzzle of the weapon and fragments of the paper were scattered over the street.

Hundreds were afraid to pass the hotel.

Street car traffic was suspended after one car had been fired upon and its windows broken.

It was determined that he must be captured dead or alive, and all the rooms adjoining the one he occupied were filled with armed officers.

Then a policeman descended from the roof to the room window while the other policemen made an attempt to force in the door. The maniac's attention was diverted by the firing of a revolver. Hearing a report from an unsuspected quarter the maniac rushed to the window which was opened and finally blew off the top of his own head. He was about 28 years of age, an Englishman and a stranger in the city.

before the lower house of the diet today, and had a short foretaste of the opposition of the United Opposition.

Premier Fejervary predicted a royal autograph letter which the United Opposition concluded was an order for the prorogation of the diet and the United Opposition thereupon broke broke out into a tremendous uproar and the session was suspended without the letter being read.

When the diet reassembled, it was resolved not to hear the letter until the regular business was completed. Francis Kossuth, leader of the United Opposition, and former Premier Tisza, moved votes of want of confidence in the ministry. The house then permitted the reading, but disorder again occurred. A violent demonstration was made against M. Tisza, who was assailed by severe epithets.

The president of the house again suspended the sitting, but later a hearing of the royal letter was secured. The house then adjourned.

MISCELLANEOUS

MASONIC FRATERNITY

All Master Masons are requested to meet at Masonic hall, 2nd street west on June 24th, at 2:30 p.m. sharp, for the purpose of attending Divine services. By Order W.M.A. R. Duncan, Sec. Edmonton Lodge 53. dy. 145-148. chg.

CHAS. STEWART,
PROPRIETOR.

EARN A
Comfortable Living
WITH A
Chatham Incubator

Poultry raising with a Chatham Incubator is a very profitable and easily managed occupation. Unless you want to go into it extensively it need take but very little of your time. Government reports show that the demand for chickens in Canada is greatly in excess of the supply and Great Britain is always clamoring for more. That means a steady market and good prices for chickens.

You cannot raise chickens successfully with a setting hen. She is wasting time setting when she should be laying. While she is hatching and brooding a few chickens she could be laying five or six dozen eggs. The percentage of chickens she hatches is much less than that produced by the Chatham Incubator.

Chatham Incubators contain every improvement of importance in incubator construction that has been produced. They are made of thoroughly seasoned wood, with two walls, case within case. Between these walls mineral wool is packed forming the very best insulation. Each piece of the case is mortised and grooved and screwed, making the whole as solid as a rock. Chatham Incubators are equipped with scientifically perfect regulators which are an infallible means of regulating the temperature.

No cash to pay until
October, 1905.

We will start you raising poultry for profit with a Chatham Incubator without one cent of money from you until next Fall. That means that you can take off seven or eight hatches and make considerable money out of the incubator before the first payment becomes due.

We couldn't make this offer if we were not certain that if you accept it you will get complete satisfaction, if we were not positive that the Chatham Incubator will pay you a handsome yearly income.

This is a straightforward offer. We make it to show our supreme confidence in the Chatham Incubator. We want you to accept this offer as we are sure of the satisfaction our incubator will give. Every machine we have put out so far has made other sales in the same neighborhood.

Our offer is to send you a Chatham Incubator at once, freight prepaid by us without one cent of cash from you. You make your first payment in October, 1905. The balance to be paid in October, 1906, or if a Cash Buyer you get it cheaper. Could any offer be fairer or more generous?

Write us to-day for full particulars of our offer and mention this paper. Don't put it aside for another time as this special proposition may be withdrawn at any time.

The Morocco Squabble

Berlin, June 19.—Premier Rouvier has informed Prince Radolin, the German ambassador in Paris, that France is inclined to accept the invitations to take part in the proposed conference on Morocco provided the German and French governments can reach a mutually satisfactory agreement as to the precise points to be considered by the conference. The conviction exists at the foreign office that France and Germany will be able to agree upon this program. Although earnest differences of view are yet to be reconciled, the authoritative judgment of the foreign office is that they will all be overcome by negotiation. M. Rouvier has thus yielded to Prince Von Buelow on two essential points on which M. Delcasse, the former foreign minister, had refused the invitation to take part in a Morocco conference. M. Rouvier first consented to re-open the question and secondly agreed to take part in the conference, provided the protocol is in conformity with French interests. This will be accepted by Germany, which will limit the deliberations of the conference. Great Britain supporting France, had also refused to join the proposed conference, but Foreign Secretary Lansdowne has, it is understood, said that if France accepted, Great Britain would also accept. A great diplomatic battle is in progress with the probabilities leaning toward German success.

The Calgary Fair

Calgary, June 23.—Calgary's Fair is now in the foreground as an educational event. It has long held the leading position as the great live stock exposition of Western Canada, paying in prizes over thirty-three per cent more than any other exhibition west of Winnipeg. It is also coming to the front in other directions. A large industrial building has been provided where all that is best in art and manufacture will be on view during the coming fair. The Canadian Rubber Co. is making an exhaustive and interesting display and various other large concerns are arranging for space. A large working exhibit will be made by the J. I. Case Co., consisting of threshing machines with all the latest improvements as well as steam engines. The attraction program is being added to daily and it is now certain that those attending the Fair at Calgary from the 5th to the 7th of July will not be disappointed in this respect. The fire works will be on a scale that has never been equalled in the West before and the great scenic display "Fall of Fort Arthur" will perhaps cap the climax in western fair attractions. As was expected, the racing events will be well patronized. Numerous promises of support have been received, and everything points to the greatest two days thoroughbred racing the West has ever witnessed. The attempt of the management to revive an interest in the "King of Sports" will certainly be successful. Entries are being received daily and the outlook is distinctly for large fields and clean sport.

—Medicine Hat Times: Up to the time of going to press the body of William A. Green, who was drowned on the 10th inst., had not yet been found. A constant watch is being kept along the river and we learn that the reward for the recovery of the body has been increased by the town and the lacrosse club, to \$200. Messrs Mac Pavid and Vic Ready went down the river on Sunday as far as Drowning Ford, a distance of 69 miles, but found no trace of their late friend's body. A line of hooks is stretched across the river near the Island and it is the fervent hope of

all our townspeople that the poor fellow's remains may soon be found so that all may join in the last sad rites.

—The Hudson's Bay steamer "Saskatchewan" arrived from Prince Albert last night. The Saskatchewan is a trim-looking craft and walked up stream at a good rate.

HOT AIR
FURNACES

If you have any idea of heating your house with hot air, it will pay you to look into the
"PEASE."

This Furnace is considered one of the very best made, and when installed by a first class mechanic is sure to give satisfaction. Ross Bros. are the sole agents for this district, and they employ none but the best workmen, as some of the following testimonials from some of our best known citizens should convince you. We have a large number of these testimonials, every one of which is from gentlemen who have used the PEASE FURNACE.

We put a large number in Edmonton during last year, and in every instance the purchasers were well pleased, and do not hesitate to speak in the highest terms of them.

TESTIMONIALS.

From MALCOLM GROAT, Edmonton.
J. J. MELLON, Strathcona.

W. H. COOPER, Edmonton.
KING POWELL, Edmonton.
J. B. MERCER, "
C. W. CROSS, "
K. J. MANSON, "

Sole Agents for Edmonton ROSS, BROS. Limited.

Ross Bros.,
Gentlemen:—
The hot air heating system that you installed in my house last summer, and which has been thoroughly tested during the past winter, has given me splendid satisfaction. All parts of my house, which are in an exposed position on the crest of the river bank, were comfortably heated at all times. The coal consumed during the winter was not large, and it burns the Edmonton coal perfectly. I am very well satisfied with the heating system, and the workmanship and the material used on the job is of the best, and would recommend your furnace to any one.
Yours truly,
MALCOLM GROAT.

Ross Bros.,
Gentlemen:—
Replying to yours re the furnace I purchased from you and which your workmen put in my store (The Hudson Bay Store) I am well satisfied with it. The store is 35 x 40, with a 15 foot ceiling, plate glass front, and when the thermometer stood a 22 below zero the store was easily heated to 90 degrees. The workmanship is first class in every particular. The fuel consumed is small considering the results we get. There is no smoke or leakage of gas, and the furnace is very easily managed. I can heartily recommend your furnace to any intending purchaser, as I am sure there can be no fault found with them.
Yours truly,
JAMES H. WOOD.

Ross Bros.,
Gentlemen:—
Regarding the warm air furnace which you installed in my house. I may say that I am perfectly satisfied with it. I had no difficulty whatever in heating the whole house in all kinds of weather. No heat is wasted in the cellar, and I had no trouble with the pipes not working in windy weather. I find it easy to manage, and economical on fuel, and were I to build again, I would have no other kind of furnace, and I would recommend it to any person wanting one.
Yours truly,
W. H. COOPER.

Ross Bros., Limited,
Gentlemen:—
The furnace you placed in my house last year has given us the very best of satisfaction, and every room in the house is evenly heated, and I find that it burns the Edmonton coal very economically, and is easy to manage and free from dust or gas. I would cheerfully recommend it to anyone.
Yours truly,
KING POWELL.

Ross Bros., Limited,
Gentlemen:—
The Furnace you placed in the house I live in (owned by J. N. Fomareau) has given us perfect satisfaction. In fact we can make it too warm to live in if we were to let the Furnace burn freely, and have never been troubled with either smoke, gas or dust. I find it very easy to manage, and I am certain we could not keep the house as comfortable with stores on anything like the same amount of fuel, and would recommend it to any person wanting a good Furnace.
Yours truly,
J. B. MERCER.

Ross Bros.,
Gentlemen:—
After using your Furnace all winter it gives me great pleasure to recommend it to any one. I used another make of Furnace for four years in the same house, previous to getting this furnace from you, and find your Furnace a great improvement over the old one. I find it free from dust, gas or smoke, and easy to manage, and that the grate burns the Edmonton coal perfectly. My house is more evenly heated with only a little over half the fuel, and I might say that the material and workmanship in connection with the installation of the Furnace is of the best.
Yours truly,
R. J. MANSON.

Messrs. Ross Bros.,
Gentlemen:—
The Furnace you installed in my house last summer has given me perfect satisfaction in every respect, and free from gas or dust, and find that I get more heat from less fuel out of your Furnace than I could from the old Furnace you took out. Therefore would cheerfully recommend your Furnace to any person wanting one.
Yours truly,
G. W. CROSS.

Ross Bros.,
Gentlemen:—
The hot air heating system that you installed in my hotel, has proved to be all and more than you represented it to be, and would not change it for the old system if I had to pay double what it cost me, as I find your Furnace only uses about half the amount of coal that the old Furnace used. In fact one Furnace now heats the whole hotel, except in extreme cold weather, while it took both the old Furnaces going full blast all the time to heat the hotel other winters.
I find your furnace not only a fuel saver, but easy to manage, free from dust, smoke or gas, and would be pleased to recommend it to any person wanting one.
Yours truly,
J. J. MELLON, Strathcona.

Ross Bros. Ltd.

BORDEN'S PLAN**FOR DIVIDING ALBERTA**

Will Move an Amendment to Reduce the Representation of Northern Alberta

Ottawa, June 23.—Mr. Borden will tomorrow move an amendment providing for a different plan of distribution of Alberta seats. There are five federal electoral districts in Alberta. The amendment proposes to divide Strathcona, Calgary and Edmonton districts each into six local ridings. The Federal district of Alberta into five provincial ridings to give one member to Athabasca and one to the detached portion of what was Saskatchewan.

EDMONTON RIFLE ASSOCIATION

The regular Tuesday evening and Wednesday afternoon practices were held on the range with the following results:

TUESDAY EVENING

200 500 600 yds. T1.	
P. A. Osborne.....	27 32 21 80
G. A. Reid.....	28 27 24 79
N. N. Harbottle.....	22 26 12 60
A. W. Robson.....	16 26 9 51
W. Barnhouse.....	23 12 12 42
E. La Roche.....	23 10 6 39
C. G. Robson.....	22 12 5 39

It is but fair to mention that some of the members attending evening practice have been seriously handicapped by having to use different rifles each evening. Arrangements have therefore been made to obviate this trouble, as far as possible, until arrival of new rifles, when the matter will be properly adjusted.

WEDNESDAY AFTERNOON

200 500 600 yds. T1.	
P. McNaughton.....	32 30 29 91
N. N. Harbottle.....	32 25 27 84
N. O. Osborne.....	29 24 25 78

CRICKET

A match will be played on Saturday at 2.30, bankers, ex-bankers and H. B. Co., versus the City. The former team will comprise: G. H. Adams, A. Clark, R. M. Turnbull, S. Geo. Jellett, A. H. Jones, E. G. Pardee, L. Remington, W. L. Reid, R. H. Simson, E. F. Slocock, E. Slocock, captain, reserves, Greenwood and Bevan.

The cricket pitch is being carefully prepared for tomorrow's match and there is the prospect of some interesting play.

The Edmonton team will be taken from the following: Heathcott, Richardson, Boyes, Boyes, Erich, R. Hardisty, Hobson, Mountfield, Rea, Robbins, Reeves, Nield, Rev. Wilkinson.

MARTINS

"Martins to the front" is our motto. We have now a blacksmith. Our prospects of getting a creamer are as bright as we could wish for and with a bright outlook for a bumper crop this year we should be perfectly well satisfied with Martins, and we are too.

Mr. Lars Sykken and family have arrived here direct from Norway. Mr. Sykken is a brother-in-law of O. H. Romm, our shoemaker. He is a first class blacksmith and has opened a shop in our fair burg.

The weather clerk has been very generous to the Vermilion Valley. We had a nice supply of rain and prospects for a good crop never were better.

There is to be a good time at Martins on July 4th, horse racing, foot racing, base ball game, jumping and other sports too numerous to mention.

BEN NEVIS

NO CHANCE FOR THE BABIES

No chance for the babies. The following letter apparently in a lady's hand-writing was received by the Bulletin this morning.

Edmonton, June 22, 1965

Editor Bulletin.

Dear Sir: Would you kindly inform me through your valuable paper, the Daily Bulletin, whether there will be a baby show in connection with the fair and oblige.

A SUBSCRIBER.

Inquiry was made at the office of the secretary of the exhibition where it was learned that owing to the difficulties experienced in past years securing competent and unbiased judges for this class no prizes have been offered for the present year.

ASTONISHED THE DOCTOR.

Mrs. Eaton Recovering. Although Her Physician said She Might Drop Dead at any time.

Mrs. Robert Eaton. "The Doctor told me I had heart disease and was liable to drop on the street at any time," says Mrs. Robert Eaton, of Dufferin, Ont.

"My trouble began four years ago with a weak heart. I was often afraid to draw my breath, it pained me. I was bothered with nervousness, dizziness, loss of appetite, another and sinking spells, and I could not sleep. "Sometimes a great weakness would seize me and I would have to lie down to keep from falling. My hands and feet would seem to go to sleep and a sort of numbness would come all over me and perhaps immediately after the blood would rush to my head and a series of hot flashes would envelop me. "I took all kinds of medicines, but kept gradually growing worse until about eight weeks ago, when I began using Dr. Leonard's Anti-Fill. From the start I improved until now my appetite has returned, I can sleep well, and have no nervousness, dizziness, palpitation, faintness or any of my other troubles. They have all entirely disappeared. I feel much stronger, look better, and altogether Anti-Fill has made a new woman of me. "I am entirely cured and cannot say too much for this wonderful remedy. I would most heartily recommend Anti-Fill to anyone suffering as I did."

Services:—Waterworks, sewer system, telephone system, electric lighting system, all owned and operated by the city.
Board of Trade:—President, A. B. Campbell, Vice-President, A. T. Cushing, Secretary, F. T. Fisher.
Educational Institutions:—Public and separate schools, high school, Alberta College.
CHURCHES:—Roman Catholic, Anglican, Presbyterian, Methodist Baptist, German Baptist, Lutheran, Salvation Army.
TRAIN SERVICE:—Leaves for Strathcona 7.45 and 15.30. Arrives from Strathcona 9.15 and 10.50.

LOCAL

—The band gave a promenade in the rink this evening.

—The C. P. R. have added a parlor car to the C. & E. passenger.

—The C. N. R. train resumed the service to Strathcona this morning. The baseball team went to Wetaskiwin today to play the team of that town.

—H. A. McLeod has sold his steamer to R. Logan, who will operate it on Beaver Lake.

—Jas. McLeen was arrested last night charged with stealing \$28 from one Robert Miller.

—A post office has been opened at Cooking Lake with a weekly service. Dr. Grummett is postmaster.

—W. S. Robertson has purchased the gasoline pump "Alberta Belle" and will take it to Cooking Lake.

—The music at the Thistle rink on Sunday at the Masonic service will be furnished by the Masonic choir.

—The Edmonton Exhibition Association will take all necessary steps to protect the ladies exhibits from being handled by the public.

—A model of a battleship, built of miscellaneous hardware, makes a very attractive window decoration in the window of J. Somerville & Sons.

—The funeral of the infant son of Mr. and Mrs. H. A. Harwood takes place from the family residence, First street at 4 o'clock this afternoon.

—The Masons will attend services in the rink on Sunday afternoon. The members meet in the lodge room at 2.30. Rev. H. A. Gray will conduct the service.

—The Russian Comic Opera Co. open a five night engagement in the rink on Tuesday evening next with "El Capitán". The company is highly spoken of by the western press.

—Lethbridge News: The body of a man was found on Sunday afternoon by two boys, E. Watson and W. Fleetwood, who were boating opposite Barnes' Colliery, about 5 miles down the river. The matter was immediately reported to the police. Upon investigation it was found that the remains were those of Irving Taylor, a young man who was drowned at the ferry on the 21st of June of last year. Positive identification was made by Mr. M. Donaldson for whom the deceased was working at the time of his death. The body was lying on a log and was in a state of decomposition that identification would have been difficult but for the clasp, boots and spurs, which Mr. Donaldson readily recognized. Coroner Higginbotham held an inquest yesterday afternoon which resulted in a verdict of "found drowned". The young man's people live in Ontario.

—The Ontario Gazette in a recent issue contained notice of the granting of a charter to the Canadian Northern Prairie Lands Company. Limited; the share capital of the company to be five million dollars, divided into one million shares of five dollars each, the head office of the company to be at Toronto. The new concern is connected with the MacKenzie and Mann Company. The applicants for incorporation are James Steller Lovell, accountant; William Bain, bookkeeper; Robert Gowans and William Francis Ralph solicitors; Charles Amesley, Ormsby, Francis Charles Amesley, and Alfred James Mitchell, stenographers, all of the City of Toronto. They are on the staff of the Canadian Northern's legal advisers. "The function of the concern is to carry on the business of a land company with the usual limitations and with incidental and subsidiary powers; it is authorized to use any of its funds in the purchase of stock in any other corporation."

—Winnipeg Telegram: The Russian Comic Opera company, which attraction, organized in New York, and containing recognized artists who have all been under the lips of Winnipeg newspaper critics, comes to the Auditorium Victoria day for an extended engagement. Of it the Utica News says, "The performance of 'El Capitán,' Sousa's famous opera, last night at the Majestic theatre, was certainly a musical and dramatic diversion. The company attacked Sousa's delightful opera with hilarious exuberance and spontaneous energy. Claude Amaden, droll and irresistibly funny as El Capitán, caused us to bear with equanimity the absence of the accompaniment, De Wolf Hopper, who played the part originally, Miss Cecily Lum, Miss Jeanne Palmer, Miss Hazel Davenport gave splendid color and inspiring interpretations to pretentious roles, while the large and attractive chorus were evidently selected with a view of doing full justice to Sousa's brilliant score. The opera was scenically well mounted and costumed with good taste. A large and representative audience was present."

CLOSING EXERCISES

The closing exercises in connection with Alberta College were held in McDougall church last evening. A large crowd turned out. The program was as follows:

PART I.
 Piano Duet, "Country Dance," Nevin.
 —Misses Patrick and Huestis.
 Piano, "Album Leaf," Greig — Miss McCrimmon.

Song, "When all is still," Croome— (Violin Obligato Miss Webster), Miss Alice Crafts.

Piano, "Sonatina in C," Clementi— Miss Olive Heatheote.

Reading, "The Revenge," Tennyson— Miss W. Lundy.

Piano, "Chaconne" Durand — Miss Entwistle.

Song, "If she but knew," Greene— (Cello Obligato Mr. Graham Walker), Miss Mae Done.

Piano "Albumblatt," Grutzmacker. — Miss Evelyn Heatheote.

PART II.
 Two Pianos, "Valse Brillante," Moszkowski—Misses Huestis, Patrick, Entwistle and Potter.

Reading, "The Bells," Edgar Allan Poe—Miss Wooster.

Piano, (a) "Albumblatt," J. S. Bach; (b) "Fuglilou (Butterfly)," Greig— Miss Bertha Huestis.

Song, "Fiddle and I," Genieve— (Violin Obligato Miss Webster) Miss Agnes Amundson.

Piano, "Polonaise" C sharp minor, Chopin—Miss Dorothy Huestis.

Reading, "The School Master Beaten," Dickens, from Nicholas Nickleby. —Miss Done.

Piano Duet, "Wanda," Raff. — Miss Huestis and Mr. Hook.

PERSONAL

D. McNamara returned from the south last evening.

Mr. and Mrs. A. M. Stewart returned from the south last night.

Prof. Primrose came in on Tuesday from Toronto to give evidence in the King trial.

J. K. Cornwall came in from Lesser Slave Lake yesterday to give evidence in the King murder trial.
